Time for discussions		✓				
Length of course to contents		✓				
Instructors: course faculty		✓				
Supporting personnel (fellows, faculty & secretary)			✓			
Overall course management		✓				

How did you learn about this course? (E.g. internet, friends' recommendation, meetings)

Internet.

Why did you select CCF for your training? (E.g. Location, reputation, price, facilities)

It was the only hands-on training program ^{that} I ~~was~~ ^{could} know of.

What could make our course even better?

To communicate with the trainees in more details before they come in, so we can get a tighter schedule.

Additional comments:

The people who introduced microscopy are not supposed to be salesmen. It's better to invite service engineers for the lecture.
