Content of syllabus/handout material						
Hands on experience	✓					
Multimedia presentations						
Length of course to contents		✓				
Appropriate time for questions		✓				
Overall course management	✓					

**What was the most effective aspect(s) of this course? and why?**

Hands on training of ICSI was very good. as it was closely monitored at every step. All lab procedures were nicely demonstrated.

**What was the least effective aspect(s) of this course? and why?**

None.

**What could have made this course better?**

Extending the length of course by two weeks.

**Additional comments:**

- It was all a very well organized, covered all topics, gave an insight into setting up Laboratory.
- The guest lecture by Dean Mabeke was also very good.
- The andrology rotation was also very good. Basics were taught in very nicely.

**Reproductive Gynecology, Inc**  
**(IVF Clinical Rotation)**

**Topics covered:**

- |                               |                                    |
|-------------------------------|------------------------------------|
| 1. <u>Fertilization check</u> | 2. <u>Blastocyst Culture</u>       |
| 3. <u>AZH</u>                 | 4. <u>Oocyte pick up procedure</u> |
| 5. <u>Denudation</u>          | 6. <u>Cryopreservation</u>         |

**What was the most effective aspect(s) of this course? and why?**

All laboratory procedures were closely followed & explained.

**What was the least effective aspect(s) of this course? and why?**

Were not able to see Embryo Transfer procedure; but we do understand as the pt. consent is very important.

**What could have made this course better?**

\_\_\_\_\_  
\_\_\_\_\_

**Additional comments:**

Very well organized, all my one in dept. are too co-operative and communicative and open for interaction & explain everything asked in details. In all a very very good programme
