Dimensions in Cardiac Care 2011

Manual Registration

PLEASE CHECK ALL THAT APPLY

Sunday, April 10
5:15—6:45pm
1 Panel and Evening Reception
   The Complete Package: Nurse Driven Collaborative Care of the Amputee

Monday, April 11
8:00—8:40am
2 The Future of Cardiac Surgery
8:40—9:40am
3 Can You Stand Tall without Intention?
10:30—11:30am
4 Open Chest Outside the OR
5 Obesity and Heart Disease
6 Branch Grafting for Thoracoabdominal Aortic Disease
7 Assessment of Preload Responsiveness Using Stroke Volume Variation
8 Treatment Strategies for Advanced Heart Failure: Focus on Ventricular Assist Devices
12:50—1:50pm
9 Cardiac Accelerated Recovery Unit: Open Heart Surgery with Fast Track Recovery
10 Case Studies in Thoracic Surgery
11 Drugs, Alcohol, and the Heart
12 12 Lead ECG (Part 1): Introduction to Interpretation, Ischemia, Injury and Infarction
13 Challenges with Destination Therapy: LVADS in the Community
2:00—3:00pm
14 Physiologic Effects of Cardiopulmonary Bypass
15 Lung Transplant: Indications, Postoperative Management, and Outcomes
16 Cardiovascular Genomics: Changing Nursing Practice
12 12 Lead ECG (Part 2): Types of Myocardial Infarction
17 Assuring Patient Safety and Healthy Work Environments: Collaborative Opportunities
3:30—4:30pm
18 Robotics / Minimal Invasive Cardiac Surgery
19 Case Studies in Esophageal Surgery
20 The Amazing Race: Recognizing Changes in Patient Condition
21 Post Operative Complications of Vascular Interventions
22 SVT/VT/Afib: Do You Know the Difference?

Tuesday, April 12
8:00—9:00am
23 Health Care Reform
9:10—10:10am
24 Innovations in Heart Valve Replacements
25 Unusual Cardiac Case Studies
26 Navigating the Irregularities of Atrial Fibrillation
27 Rejection Prevention: How to Mend Your Broken Heart
28 Quality and Safety in Cardiovascular Medicine and Surgery: Future Implications
10:45—11:45am
29 Implantable Cardiac Devices: Pacemakers, ICDs, and CRT
30 Therapeutic Hypothermia after Cardiac Arrest
31 Heart Failure Management: Using Diagnostics from Internal, External, and Remote Cardiac Devices
32 Care of the Donor—More than Just an Organ
33 Venous Thromboembolism and Thrombolytics
1:00—2:00pm
34 Stem Cells for Cardiac Repair after Myocardial Infarction
35 Chest X-Ray Interpretation
36 The Journey to the AACN Beacon Award
37 Cardiac Imaging: Noninvasive Assessment of Cardiac Disease
38 HIPPA...What Can You Say?
2:10—3:10pm
39 Case Studies in Ventricular Tachycardia Ablations
40 Intra-aortic Balloon Pump Therapy Update
41 Women and Cardiac Disease
42 Exploring the Roles of Advanced Practice Nurses
43 Carotid Disease Update
3:20—4:20pm
44 The Magic of Mentoring: Leaving Your Handprint on the Future of Nursing Practice

For additional assistance with your registration please contact Ceca Sarkissian at 216.932.3448 or ceca@jamiebelkin.com
