

**The Cleveland Clinic/Brush High School  
Beyond the Chair Community Outreach  
Pampered Beauty Program**

**Client Program Satisfaction Survey**

Thank you for taking advantage of the pampering services offered to you today by the Cleveland Clinic Office of Civic Education Initiatives/Brush High School Beyond the Chair program. The program has two main focus areas. First, this program is an outreach program that takes aspiring cosmetologists out beyond the classroom and into a real world, experience-building opportunity, allowing them to put into practice the skills learned in the classroom. Under the guidance and supervision of their licensed instructor, students provide heated and non-heated hand and arm massages and paraffin hand dips to their clients.

Secondly, the program is also designed to offer a much needed “pampering” service to our patients at the Cleveland Clinic Beachwood and Willoughby Family Health Cancer Centers while they are receiving or waiting for their chemotherapy treatment.

So that we may serve you better, please take a moment to complete this very brief survey regarding the services you received today. You may return it to your student or the instructor when finished. Thank you again for your participation and for completing our survey!

Today's Date \_\_\_\_\_

Family Health Center Location where service(s) performed (Please check one)  Beachwood  Willoughby

Service(s) provided (Check all that apply)

Hand/Arm Massage (non-heated)  Hand/Arm Massage (heated)  Paraffin Hand Dip

Please rate each of the following statements according to the following criteria:

1 point = strongly disagree      2 points = disagree      3 points = agree      4 points = strongly agree

**Student Professionalism –**

Student approached your chairside in a professional manner.	1	2	3	4
Student introduced themselves to you by name.	1	2	3	4
Student asked you your name to verify identification.	1	2	3	4
Student explained the services offered to you.	1	2	3	4
Student answered any questions you had regarding the services.	1	2	3	4
