Digital Mammography

Meet the Development Officer

Today's Innovations, Tomorrow's Healthcare

is a philanthropic campaign to raise \$1.25 billion for Cleveland Clinic. Success will boost Cleveland Clinic's already exceptional patient care, research and educational programs. This campaign will benefit patients, redefine medicine and create new opportunities that have a direct and beneficial impact on the health and well-being of our local communities.

A recent study involving more than 42,000 women nationwide showed that digital mammography was more accurate than standard film-based breast imaging for more than half the women who underwent breast-cancer screenings. Younger women with dense breast tissue, in which detection is more difficult, particularly benefited from use of digital technology.

Long-distance Generosity

Olga Eljuri has extraordinary confidence in Cleveland Clinic. She has traveled from her home in Ecuador to Cleveland Clinic for ovarian cancer treatment and follow-up. Now beyond her own care, she is placing her confidence and support with her physician's research efforts to help other patients.

[Read Full Story](#)

Supporting Personalized Breast Care

Margaret and John Giltinan made a generous gift to Cleveland Clinic underscoring their gratitude for the care Mrs. Giltinan continues to receive from Joseph Crowe, M.D., Director of Breast Services.

[Read Full Story](#)

Worldwide Humanitarian Support

Cleveland Clinic supporters are contributing to humanitarian efforts designed to bring medical care to young women who suffer from life-altering complications after childbirth in underserved areas.
