

# Cleveland Clinic Employee Health Plan Member's Guide to Low Cost Generic Drugs

The Cleveland Clinic Employee Health Plan strives to provide our membership with information that enables a member to receive benefits at the lowest out-of-pocket expense to them. Included in this document is a list of generic medications that are available for less than \$4 for a 30 day supply or \$10 for a 90 day supply at a Cleveland Clinic Pharmacy. In addition to the savings these pharmacies provide on these generic medications, there is also a co-insurance discount of 5% for all other generic medications compared to retail pharmacies. Finally, please remember that for the 2009 benefit year the annual deductible has been waived for all generic medications purchased at a Cleveland Clinic Pharmacy. The combination of these discounts can save members over \$100 in a year.

This list of generic medications was made in February 2009. Prices of medications can change throughout the year. Due to these price changes, medications can be added or removed from the list. This list is *not* a recommendation to use a certain medication to treat your condition. It is a tool to use while consulting with your physician in determining which medication may be right for you at the lowest out-of-pocket expense.

<b>Antibiotic Treatments</b>	Max Qty Per 30 Day Supply For <= \$4	Max Qty Per 90 Day Supply For <= \$10
Amoxicillin 125mg/5ml	400ml	1,000ml
