The Cleveland Clinic Healthwise Connection program is open to all people 50 and older who are interested in preserving and protecting their health, while saving money and savoring new experiences. The free program offers special discounts and services available exclusively to Healthwise Connection members.

Membership benefits include discounts on parking, cafeteria food and gift shop purchases at some Cleveland Clinic hospitals, as well as access to national discount cards for savings on prescription medications, eyewear and dental services. The prescription card is available at no cost, while the vision and dental cards are available for nominal fees. Discounts

on hearing aids, medical equipment, safety-monitoring services and YMCA memberships are available to Healthwise Connection members, too.

In addition, members enjoy special physician referral assistance at 10 Cleveland Clinic hospitals, including our downtown Cleveland campus and our network of conveniently located community hospitals: Euclid, Fairview, Hillcrest, Huron, Lakewood, Lutheran, Marymount and South Pointe hospitals, and Cleveland Clinic-affiliate Ashtabula County Medical Center.

Healthwise Connection members also have access to free health and wellness

programs, health screenings, financial seminars and other important programming. At some hospitals, access to exercise programs, medical form assistance and transportation services are provided with your no-cost membership. Finally, a quarterly newsletter helps you keep track of it all, in addition to providing health information, wellness tips, healthy recipes and more.

purchased from participating pharmacies. All major national chain pharmacies participate in the Catalyst Scripts program, which currently includes 58,000 chain and independent outlets.

Although we can't guarantee Catalyst Scripts cardholders will always pay a lower price, research shows they pay less on 79 percent of their prescription drug purchases.

If you currently purchase your prescription medications by mail, your Catalyst Scripts card allows you to continue this hassle-free routine. With your Catalyst Scripts card, you can have up to six months' worth of medications delivered to your home via U.S. Express Mail, usually within days of your order.

Remember, to qualify for the no-cost Catalyst Scripts card, you must be a Cleveland Clinic Healthwise Connection member. If you are not already a member, please call 800.775.4HWC (4492) for more information or to enroll.

Catalyst Vision and Dental Benefits

Now that you've addressed your prescription drug needs, here's more news that we hope opens your eyes and puts a grin on your face. As a Healthwise Connection member, you also are eligible for low-cost discount cards for your vision and dental needs.

First, with the Catalyst – Outlook Vision Plan, you will save 10 to 50 percent on prescription eyewear for you and immediate family members in your household. Your choice of high-quality, top-of-the-line eyewear is available through a network of more than 10,000 quality vision centers spanning all 50 U.S. states.

Next, with the Catalyst Dental Plan, you'll receive discounts of 10 to 50 percent on every smile-saving service provided by a network of more than 24,000 dentists nationwide. Simply present your Catalyst Dental Plan card at any participating provider and pay the discounted fee at the time of service.

Reap the Benefits
For more information about these benefits, please call 800.775.4HWC (4492).

These plans are not insurance programs, which means there are no reimbursement forms to complete, no deductibles to satisfy and no waiting for refund checks. Instead, your Outlook Vision and Dental cards entitle you to on-the-spot discounts from program participants. Both programs are available exclusively to Healthwise Connection members for a nominal cost.

Catalyst Benefits Inc. has been providing discount health service programs for more than a decade. The company, a former American Society on Aging "Small Company of the Year," works with more than 250 hospital systems nationwide to provide health care discount programs to select program participants.
