RE: RPC 07025 "Oxidative stress mediated sperm DNA damage and infertile patients—possible role of apoptosis"

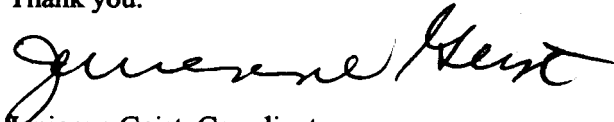

Approval Period: 9/24/02 to 9/23/03

Your research project was fully approved on September 24, 2002 and awarded total funding of \$21,698.30, \$10,849.15 of which is from the Research Programs Council. This award requires a 50% matching from your department endowment fund in the amount of \$10,849.15. Attached is a copy of the approved budget, and the critique of the General Medical Sciences Review Committee.

- (1) Please instruct your Department Administrator or Financial Manager to provide me with the fund name and number from which the matching funds will come.
- (2) Please also have your Department Administrator or Financial Manager return to the RPC Office/NB21 a copy of the Check Request form transferring your designated department funds to RPC 07025.
- (3) Because your protocol involves human subjects, please mail or fax to the RPC Office a copy of your IRB approval letter as soon as available. Processing this account is contingent upon IRB approval.

If you have any questions, please call the Research Programs Office at x45955.

Thank you.

Jenienne Geist, Coordinator
Research Programs Council, NB21
