Re: RPC 07531, "Assessment of Fertilizing Potential of Mouse Germ Cells Matured in Vitro"

Approval Period: January 26, 2004 through January 25, 2005

Your research project was conditionally approved by the Research Programs Council in January and fully approved today. You have been awarded total funding of \$24,852, of which \$12,426 is from the Research Programs Council. This award requires a 50% matching from your department endowment fund in the amount of \$12,426. Attached is a copy of the approved budget.

- 1) Please request your Department Administrator or Financial Manager to provide the RPC with the fund name and number from which the matching funds will come. This is required to set up the account.
- 2) Please request your Department Administrator to complete and return to the RPC Office a standard Check Request form transferring the designated department funds to RPC 07531.

If you have any questions, please call me in the Research Programs Office at x42295.

Thank you.
