

DATE: March 29, 2004

TO: Kiran Nallella, M.D.
Dept. of Urology, A19.1

RPC 07549 "Characterization of Intracellular Reactive Oxygen Species in
Human Spermatozoa

Approval Period: March 23, 2004 through March 22, 2005

Your research project was fully approved on March 23, 2004 and awarded total funding of \$24,304, of which \$12,152 is from the Research Programs Council. This award requires a 50% matching from your department endowment fund in the amount of \$12,152. Attached is a copy of the approved budget, and the critique of the General Medical Sciences Review Committee.

- (1) Because your protocol involves human subjects, please mail or fax to the RPC Office a copy of your IRB approval letter as soon as available. Processing this account is contingent upon IRB approval.**
- (2) Please request your Department Administrator or Financial Manager to provide this office with the fund name and number from which the matching funds will come. This is required to set up the account.**

Please request your Department Administrator or Financial Manager to return to the RPC Office/NB21 a standard Check Request form transferring your designated department funds to RPC 07549.

If you have any questions, please call the Research Programs Office at x42295.

Thank you.

Diane Bruosta
